What Must A Dog Do To Pass The C.A.T.? The Coursing Ability Test (C.A.T.) is a pass/fail. During a Test the dog runs the course once without any other dogs. Because safety is of the utmost importance, the C.A.T. takes into consideration the individual dog pursuing qualification and therefore has two different course lengths to accommodate the type and size of the entrant. In either case, dogs will chase a lure made of plastic strips.

Dogs Less Than 12” Tall & “Flat Faced” Dogs. Any entrant that is less than 12” tall at the withers and/or brachycephalic will run a 300-yard course with turns no more acute than 90 degrees. *For a 300-yard course, a dog must complete the test in less than 1 ½ minutes.*

Dogs More Than 12” Tall. Any entrant that is taller than 12” at the withers and not brachycephalic shall run a 600-yard course (or as close to 600 yards as possible) with turns no more acute than 90 degrees. *For a 600-yard course, a dog must complete the test in less than 2 minutes.*

Veteran Dogs. Veteran dogs are defined for this test as dogs older than 7 years of age. Veteran dogs may run two-thirds of the normal distance at the owner’s discretion. A veteran dog’s owner must declare prior to the start which distance the dog will run.

If there is a question which course a dog should run, the judge will decide.

In order to pass, the dog must complete the course with enthusiasm and without interruption within the maximum amount of time for the course length. The judge keeps the official time and decides the merits of the dog’s performance.

C.A.T. Titles: Three titles will be awarded for dogs that pass the Coursing Ability Test the required number of times. These are suffix titles that will appear on a dog’s pedigree with a higher-level title superseding a lower level title.

Coursing Ability (CA) – Awarded to a dog that passes the Coursing Ability Test three times under at least two different judges.

Coursing Ability Advanced (CAA) - Dog passes the Coursing Ability Test ten times.

Coursing Ability Excellent (CAX) – Dog passes the Coursing Ability Test 25 times.

Coursing Ability Excellent 2 (CAX2) – Dog passes the Coursing Ability Test 50 times. A higher numbered title will be awarded for every additional 25 passes.

Check In and Running Order

Handlers need to check in at the Inspection Station. Please provide your dog's name and breed to the inspector to be marked off the running order list. Tissue will be available for you to check your bitch to show the inspection team that she is not in season.

Running order will be based on the time/date of receipt of entry. The running order will also be posted on white-boards. Note we run approximately 20 tests per hour.

General:

1. All entries must be one year of age or older on the day of the test or trial.
2. Hounds not present at the time of inspection will be scratched after a five (5) minute grace period.
3. Each entry will be examined and may be measured with a wicket at inspection. Inspection shall take place prior to any form of wrapping being applied to the dog. In the opinion of the inspection committee, any entry found to be lame, unfit to compete or a female in season shall not be allowed to enter and entry fees shall be refunded.
4. **Dogs MUST be inspected before each Event.**
5. Entry fees shall be refunded for any entry that is withdrawn before entries close. No refund will be given for dogs withdrawn after the close of entry.
6. For safety reasons it is preferred that dogs run "naked" without collars or harnesses. A flat collar with no tangling tags is acceptable. Muzzles are allowed.
7. Electric continuous loop machines will be used. Backup systems will consist of a gasoline and/or electric powered drag lure machines. Lure will consist of white plastic bags.
8. The field committee reserves the right to alter the course plan as required by weather and/or field conditions on the day of the trial.
9. The field committee reserves the right to bar known aggressive hounds from the event site.
10. There will be a \$5 fine assessed for any loose hound not taking part in the course in progress, or for anybody caught not picking up after their dog or leaving garbage on the field.
11. NO ONE will be allowed on the field without the express permission of the field chairman, except the appointed field committee.
12. Anybody exhibiting unsportsmanlike behavior will be excused from the field and may be subject to further disciplinary action.
13. **Control of dogs strictly enforced, on leash at all times except when running.**
14. **Clean up and take trash off property.**
15. **Please pick up all dog feces** and remove with trash or put in receptacle provided at site.

DETAILED DIRECTION TO SITE

Traveling South on I-5

Exit Cottage Grove, 6th Avenue Exit 172.

Turn left and go over freeway. Follow 6th Avenue down the hill and veer toward the left.

*Sixth Avenue has now become London Road. Follow London Road to mile marker 13. The mile markers are small signs on the side of the road. Right after mile marker 13, you cross a bridge. About 1/2 mile past the bridge, there are 3 mail boxes on the right side of the road. Directly opposite the mail boxes, is a gravel road. Turn left onto that road. Follow the gravel road about 1/4 mile to the Y intersection. Take the left part of the Y. Immediately after the Y, is a driveway on the left, do not take that. Follow the road straight until you come to a stop sign and the Whippet Watch sign. Go straight into the front yard.

If you are here for a lure trial or practice, turn left immediately after the stop sign and follow the gravel road down to the field. The pasture gate will be open, and we will be running right next to the barn. Parking is right next to the barn, or next to the horse pens depending on the number of people who show up. If it is wet, please park on the gravel drive, as the ground in horse pasture can get very soft.

Traveling North on I-5

Take the first Cottage Grove Exit south of town, Exit 170.

You will follow the road left over the freeway, and drive parallel to the freeway for about 2 miles. At Latham, turn right. There is a Weyerhaeuser lumber mill on the north corner, turn before the lumber mill. Follow Latham back under the freeway until it dead ends at 6th Avenue. Turn right. Follow directions above from *
