**Welcome to the Fifth Annual
Chintimini Kennel Club
FASTCAT**

May 4 and 5, 2024

Given the present situation with the COVID-19 epidemic we will be holding the FASTCAT this year with the safety of our exhibitors, volunteers, and dogs in mind.

We will also need to run the events within the policies set by Benton County and the State of Oregon.

1. First and foremost, we ask that all participants who have symptoms (Fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat) of COVID-19 not attend the events. We will refund any entries if people need to withdraw
2. Everyone is expected to honor social distancing . Masks are optional but encouraged. Note: to be effective in protecting yourself and other, when wearing a mask it must be worn covering both the mouth and nose. Anyone not following these safety protocols will be asked to leave the grounds without entry refund.
3. To keep the number of people on the grounds within limits we will be
 - Running both events each day concurrently.
 - When you register a dog for an event you will need to select the time session for running: AM (7am to 12pm) or PM (1pm to 6pm). If you register the dog for the first event in the AM, then you will run the second event in the AM. Likewise, if you register for the first event in the PM you will run the second event in the PM. If you enter more than one dog select the timer period (AM or PM) for each dog. A dog must complete both events of the day during their registered time period.
 - During each period we will be running all the dogs entered in the first event. When finished we will start running all the dogs in the second event.
 - Entries for AM and PM will be limited to 50 per AM or PM time period.
4. Only online entries will be accepted. No day of entries will be accepted. This reduces the need to interact with the event secretary.
5. Entries close three days before the event, May 3rd. We will email a list of dogs entered with their run-numbers, AKC Number and other entry information. Corrections must be emailed to the event secretary by Thursday May 4.
6. We do not fence the course except the catch area. Running fencing on the exhibitor side reduces the ability to watch the dogs enjoy their event. *If your dog does not have a reliable recall or is afraid of other people trying to retrieve them or has never been to a practice or previous Fast CAT then you might want to consider not entering the event.*

By entering these events you are acknowledging the contagious nature of COVID- 19 and voluntarily assume the risk that you may be exposed to or infected by COVID-19 by attending the club's event, and that such exposure or infection may result in personal injury, illness, permanent disability and possibly death.

General

1. All entries must be one year of age or older on the day of the test or trial.
2. Hounds not present at the time of roll call will be scratched after a five (5) minute grace period. No refunds will be given for scratched dogs.
3. Each entry will be examined and may be measured with a wicket at inspection. Inspection shall take place prior to any form of wrapping being applied to the dog. In the opinion of the inspection committee, any entry found to be lame, unfit to compete or a female in season shall not be allowed to enter and entry fees shall be refunded.
4. Dogs will be inspected before each event.
5. Entry fees shall be refunded for any entry that is withdrawn before entries close. Entries close August 15th or when limits are reached. No refund will be given for dogs withdrawn after the close of entry.
6. Run order will be based on order of the receipt of entry.
7. Dogs will be run by their run number with the following exceptions:
 - Workers who are managing the event will be allowed to run their dogs at the beginning of each event
 - Several handlers have multiple dogs. Commonly their dogs are listed in order. These dogs will be separated to allow handlers to walk their dogs out and retrieve the next dog
 - If a dog is late for their run time, they will run at the end of the running order
8. For safety reasons, it is preferred that dogs run "naked" without collars or harnesses. A flat collar with no dangling tags is acceptable. Muzzles are allowed.
9. When dogs are running it is prohibited to use prong collars or metal collars. Retractable leads anywhere on grounds is also prohibited
10. Electric continuous machines will be used. Lure will consist of white plastic bags.
11. The field committee reserves the right to alter the course plan as required by weather and/or field conditions on the day of the trial.
12. The field committee reserves the right to bar known aggressive hounds from the event site.
13. There will be a \$5 fine assessed for any loose hound not taking part in the course in progress, or for anybody caught not picking up after their dog or leaving garbage on the field.
14. NO ONE will be allowed on the field without the express permission of the field chairman, except the appointed field committee.
15. Anybody exhibiting unsportsmanlike behavior will be excused from the field and may be subject to further disciplinary action.

ON-LINE ENTRIES ONLY

Entries close May 3rd or when entry limits are reached

NO ON-SITE ENTRIES

Events are limited to 60 dogs in the morning and 60 dogs in the afternoon sessions

NOTES FOR FIRST TIME COURSERS AND HANDLERS

SLIP LEADS—There is a type of collar for coursing called a slip lead, which is worn only to control the dog prior to release. The collar drops away as the dog is released to chase the lure and they run without anything around their necks that could be dangerous. **Use of a slip lead is recommended but not required. What is important is that, for the safety of your dog, there are no objects on the dog that can be caught by the string or lure.**

INSPECTION—Dogs will be inspected by a designated Inspection Committee consisting of at least two persons who are members of the Field Committee and who shall inspect each entered dog for lameness, fitness to compete and female estrus (in season). Inspection shall take place prior to any form of wrapping being applied to the dog. In the opinion of the Inspection Committee, any entry found to be lame, unfit to compete or in season shall not be allowed to enter and the applicable entry fees shall be refunded. Dogs must be inspected before each event to assess whether an injury occurred since the last inspection.

WARM-UP, COOL-DOWN—It is highly recommended that all dogs running are walked out for about 10-15 minutes prior to and after their runs to get them warmed up and to cool them down. The warm up help reduce pulled muscles. The cool-down is very important to allow the dogs heart rate to slowly come to normal and because it helps prevent lactic acid build-up in the muscles that leads to soreness.

For Experienced Handlers

Pre-entered dogs can go directly to the Inspection Committee on the announcement of Roll Call. .

What is a FAST CAT:

The Fast CAT Test is a timed 100-yard dash for dogs. It is meant to be fun and healthy activity of interest to any dog owner. The following is a summary of how the event is structured.

How Does Fast CAT Work?

1. Fast CAT is a timed straight race of 100 yards.
2. Dogs run singularly.
3. The dog's time to complete the 100-yard dash is converted into MPHs.
4. A handicap system is applied to a dog's MPH to determine the number of points earned. The handicap system is based on the height of the dog at its withers:
 - 18" or greater = handicap is 1.0.
 - 12" up to less than 18" = handicap is 1.5.
 - Below 12" = handicap is 2.0.
5. Points = MPH multiplied by the dog's handicap
6. Fast CAT titles suffix titles are earned at designated milestones:
 - BCAT = 150 points
 - DCAT = 500 points
 - FCAT = 1,000 points
 - FCAT# = every additional 500 points
7. Top 20 by Breed by Year: The AKC Fast CAT website will feature the Top 20 Fastest Dogs by Breed by Year national standings. The standings will be updated as event results are processed.
8. An inspection committee shall inspect each entry for lameness, fitness to compete and females in season. If necessary, the inspection committee is responsible for measuring dogs to determine their height at the withers.
9. Prior to moving the lure to position it for the start, the lure operator shall announce "hold your dogs" in order to caution owners.
10. The Start: Dogs may start up to 10 feet behind the starting line.
11. The Finish: The dog is timed from crossing the start line to the finish line. The owner/agent should have someone to release and catch the dog at the finish line.
12. Timing Devices: The time to complete the 100-yard dash is recorded to the nearest 1/100th of a second.
13. Lure Equipment: Clubs may use either a drag or continuous loop system. If a continuous loop system is used the "return" string must be set outside of the running course. The lure operator and the lure equipment shall be safely positioned in a manner that does not interfere with the retrieval of the dog at the end of the course.
14. Lure: A white plastic bag and a squawker may be used for the lure.
15. Course: The course must be essentially flat.
16. The huntmaster has control of the course. In summary, the huntmaster is in charge of all dogs and handlers on the field, shall ensure handlers understand safe release and retrieval procedures, shall ensure the lure is properly positioned, shall ensure the lure operator, timers and starting line signal person are ready, shall signal the lure operator to start the lure and shall give the verbal signal "tallyho" to release the dog.

What must my dog do to pass a Fast CAT?

Fast CAT, unlike the CAT, is not a pass/fail, but a timed 100-yard dash after a lure through a start gate and a stop gate. The time is converted over to MPH and then multiplied by a potential handicap based on the dog's height to award points.

Can my dog earn an AKC title for Fast CAT?

Titles are earned by accumulating points. The following titles will be awarded: BCAT = 150 points; DCAT = 500 points; FCAT = 1,000 points; and FCAT followed by a number (e.g. FCAT2) for every additional 500 points. These suffix titles will appear on a dog's pedigree, with a higher-level title superseding a lower level title.
